March 17–20, 2025 | Upesleju Primary School, Latvia

AN INTERNATIONAL EXCHANGE WAS HELD AT UPESLEJU PRIMARY SCHOOL AS PART OF THE EKSEN PROJECT, LAUNCHED IN MAY 2024. EDUCATORS FROM LITHUANIA (PII GIRAITĖ, ASOCIACIJA IVAIGO) AND ESTONIA (PII LIKURI) WERE WELCOMED FOR A WEEK OF COLLABORATION AND SHARED LEARNING.

🧩 Inclusive education practices were explored through group activities in sports, music, and art. A special education lesson was presented via video, and insightful discussions on daily challenges and solutions in working with children with SEN were facilitated.

🎵 Visits included Gaisma Special Primary School, where canister therapy and music therapy sessions were observed—and even experienced firsthand!

🎨 Cultural experiences featured the RIGA GAME in the Old Town, along with creative workshops in clay molding and badge making.

🔗 Strengthening cooperation and inclusion across the Baltics through shared knowledge, real-life practice, and cultural exchange.
